

GET INVOLVED

Help your local river

Roll Up Your Sleeves!

Join us at our **River Cleanup** events which we run every **second Sunday** of the month. To keep up to date with events near you, sign up to our mailing list on our website.

WHO ARE WE?

The Wandle Trust is part of the South East Rivers Trust, an environmental charity dedicated to protecting and restoring rivers across the South East of England.

Help us protect the Wandle from pollution

REPORT IT!

If you spot a pollution incident, report it to the Environment Agency.

0800 807060

Connect Right

Pollution can be caused by bad plumbing. Look at www.connectright.org.uk to check your house is connected correctly.

Save Water

The less water we use the more water will be left in the river. Keep the fish swimming and cut down your usage.

Natural Drains

Keeping roadsides and parking areas natural means that polluted surface water is filtered before entering the river.

Clean with Care

Use eco-friendly detergents with reduced phosphates to reduce chemicals reaching our river.

Dispose with Care

Don't put fats or oils down the sink or outside drain. Mop them up with kitchen roll and dispose of them in the waste bin.

Help us protect the Wandle with these easy changes
